

# **IRCA Approved ISO 27001:2005 ISMS Auditor (Reg.No.A17518) (Course Code: TIS6) A COURSE TO FAST CAREER SUCCESS!**

Accredited  
Certification  
Int'l Ltd.

## **Introduction**

This training course has been developed in line with IRCA requirements IRCA/2016.

Capitalizing on the powerful Accelerated Learning Technique, this course spends a good portion of the time on discussions, exercises and case studies to help students to consolidate knowledge and acquire hands on experience that are instrumental in their capacity as a information security management system auditor or as a information security function personnel.

Students who passed the continuous assessment and the 2 hour written examination will be awarded a Certificate of Successful Completion. Based on IRCA policy, this course satisfies the training requirement for certification as an IRCA registered ISMS Lead Auditor/Auditor. This course run in collaboration with HK Veritas Ltd. (IRCA AO17253)

## **Objectives and Achievements**

- Describe the purpose of an ISMS and explain the processes involved in establishing, implementing, operating , monitoring, reviewing an ISMS as defined in ISO 27001, including the significance of these for ISMS auditors.
- Explain the purpose, content and interrelationship of ISO 27001:2005, ISO 13335 Parts 1 and 2 (MICTS) and ISO/TR 18044:2004, ISO 27006:2007 and the legislative framework relevant to an ISMS.
- Explain the role of an auditor to plan, conduct, report and follow up a ISMS audit in accordance with ISO 19011 requirements.
- Plan, conduct, report and follow up an audit in accordance with ISO 19011 and by interpreting ISO 27001:2005.

## Who Should Attend?

- Staff who are charged with the responsibility to develop and maintain a ISMS
- All ISMS auditors who wish to acquire an internationally recognized auditor status
- Those who wish to explore career opportunities in management system auditing

## Prerequisite

Students are expected to have a basic knowledge of the requirements of ISO 27001:2005 before they start this course.

## Methodology

There is a balance between knowledge-based presentation, discussions, exercises and case studies. About two third of the time is spent on activity based learning. A mock examination paper will be discussed throughout the course to help students to be familiar with the style of the examination.
