ACI proudly delivered Quality Circle message to EMSD

Electrical and Mechanical Services Department (EMSD) is a large department within the SAR government, who closely woven into the daily life of the people of Hong Kong. ACI is proudly delivered the Quality Circle message to EMSD staff in assisting them to improve their process management.

Quality Circle Facilitator (QCC) course aims at assisting clients to carry out process management and process improvement to raise the benefits of effective resources allocation. Participants can learn the fundamental concepts and techniques of process improvement, practical process management.

Participants found the instructor was very friendly and worked with everyone to help them understand the subjects. The course and documentation were well organized. They now have more confidence in helping EMSD maintaining their high quality services and improving it in the near future.

QCC training is an excellent investment of time and resources of any company in the continued process of self-improvement. ACI welcomes all interesting parties in acquiring QCC knowledge or other training courses and services. We hope that our professional management knowledge can successfully assisting your company to improve your management ability in order to reach a higher target.
