## **An Approach To Make Textiles & Apparel Industries Profitable**

The seminar " Six Sigma: An Approach To Make Textiles & Apparel Industries Profitable " took place successfully on 15 September, 2006. The seminar was organized by the Clothing Industry Training Authority and Six Sigma Society, and Accredited Certification International Limited as supporting organization.

Its aim was to introduce the advantages of applying six sigma in textile industries so as to strengthen companies' competitive edge. Many distinctive companies within the textile industry such as Giordano, Elegance and Camberley have sent representatives to attend the seminar. Most of them gave positive and encouraging feedbacks towards the seminar. It is undeniable that Six Sigma is a desirable way to lower the cost so that companies can make more profits. Representatives found that the cost cutting project was very useful and practical in particular.

In light of the undeniable benefits that Six Sigma could bring to the industry, ACI charges with encouraging and facilitating the application of Six Sigma in all kinds of companies by providing professional certification services and training courses.

## 增加纺织品和服装业盈利方法

由香港制衣业训练局, 六西格码协会和国际认可认证有限公司(ACI)联合筹划的研讨会--“六西格码：增加纺织品和服装业盈利方法”已在 2006 年 9 月 15 日成功举行

研讨会的主要目的是向纺织工业界介绍运用六西格码强公司的竞争力的好处。当日, 许多大公司如 Giordano, Elegance 和 Camberley 都分别派代表出席, 并且给了很多正面的意见。无可否认, 六西格码是一个能有效减低成本, 从而令公司能获得更多利润的方法。所有代表都认为这方面非常有用和实用。

鉴于六西格码对纺织业带来的莫大益处, ACI 将通过提供专业认证服务和培训班令各公司促进对六西格码的应用。
