ACI proudly delivered ISO 14001 and OHSAS 18001 Message to HKGBCA

ACI is proudly to be invited by the Hong Kong General Building Contractors Association Limited (HKGBCA) to present a seminar on "Understanding & Application for ISO 14001 Environmental Management System and OHSAS 18001 Occupational Health and Safety Management System in August 2008, to cope with the growing concerns of their members and the industry.

HKGBCA is a well-known organization with the main objective to enhance contractors' contribution to the society, together with continuous improvement of work quality and to provide resources in upgrading the professional standard.

The seminar was successfully drew the attention of all participants on the effectiveness of applying ISO 14001 and OHSAS 18001 in their work. There were much appreciation and good feedbacks afterward. Through this seminar, they can learn important messages of safety and health in construction industry. ISO 14001 standard can ensure companies to achieve their performance within the environmental standard. Meanwhile, OHSAS 18001 standard can assure good practice in working environment related to occupational health and safety.

ISO 14001 and OHSAS 18001 standards are suitable for all HKGBCA members as well as other companies in construction area. ACI commits itself to give support to construction companies in complying with international standards. Please feel free to contact us for more information.
